

## BCP25 Polypropylene Tape

<b>Product description</b>	Low-noise polypropylene tape for price-sensitive applications
<b>Product data</b>	
~ film	Bi-axial oriented polypropylene film (BOPP)
~ film thickness	25mu (ASTMD 3652)
~ adhesive	Pressure-sensitive water based acrylic
~ adhesive thickness	20gsm within acceptable tolerance of +/-6% (ASTMD 3652)
~ colour	Clear
~ roll width	25mm
~ roll length	66mtr
<b>Technical data</b>	
~ initial tack	3.5cm (ASTMD-3121M)
~ peeling adhesion	2.6N/cm (ASTMD-3330M)
~ shear value on steel	>24 hours (ASTMD-3654M)
~ tensile strength	51N/cm (ASTMD-3759)
~ elongation at break	140% (ASTMD-3759)
<b>Storage and use</b>	
~ optimum storage	Maximum 6 months in original packaging and ambient conditions of +22°C and 50% RH Protect from extreme temperatures, humidity and direct sunlight
~ optimum usage	Ambient temperature of +18°C
<b>Packaging data</b>	
~ rolls per case	72
~ case weight	5.6kg
