TECHNICAL DATA SHEET

ECLN48 Clear Polypropylene Tape

Product description	BOPP packaging tape
Product data	
~colour	clear
~ tape material	bi-axial oriented polypropylene film
~ adhesive	pressure sensitive water based acrylic
~ roll width	48mm
~ roll length	66mtr
Technical data	
~ film thickness	25mu (ASTMD 3652)
~ coating weight	17gsm (ASTMD 3652)
~ coating weight tolerance	within accepted level of +/- 6%
~ initial tack	4.0cm (ASTMD-3121M)
~ peeling adhesion	6.80N/inch (ASTMD-3759)
~ elongation at break	120% (ASTMD-3759)
~ application temperature limits	+15°C to +65°C
Recommended storage	
~ maximum storage period	6 months
~ optimum temperature	+22°C
~ optimum humidity	50%
~ optimum environment	Protect from direct sunlight and extremes of temperature and humidity and protect the opened pack from dust and other contamination
Packaging data	
~ rolls per case	36
~ case weight	5.9kg
