## TECHNICAL DATA SHEET

## **HY716 Polyester Strapping**

Product description	Ultra high grade high-elasticity polyester strapping made to the very precis
	tolerances demanded by some strapping machinery
Product data	
~ colour	black
~ surface	smooth
~ core size	406 x 150mm
~ nominal width	11.1mm
~ nominal thickness	0.63mm
~ length	2,438mtr
~ weight per meter	6.4g
~ average break strain	225kg
•	
Tolerances	
~ strap width	11.0-11.1mm (average 11.05mm)
~ strap thickness	0.6-0.67mm (average 0.63mm)
~ break strain	160-180kg (average 170kg)
