TECHNICAL DATA SHEET

MSF523 Power Stretch Cast Film

5 1 . 1	
Product description	Cast stretch wrap film for use on machines featuring power stretch.
	This stretches the film as it is dispensed to maximise film usage and create
	a more stable pallet load.
Product data	
~ film colour	Clear
~ film thickness	23μm ±1% (ISO4591, ATSME252)
~ film width	500mm ±3% (ISO4592)
~ film length	1550m ±5% (ISO4592)
~ external diameter of roll	235mm
~ nett weight of roll	16420g
nete weight of following	10 1209
~ core internal diameter	77mm
~ core length	510mm
~ core overhang	0.5mm
~ core weight	1280g
Technical data	
~ tensile strength at break MD	60MPα ±10% (ISO527, ASTMD882)
~ tensile strength at break TD	40MPα ±10% (ISO527, ASTMD882)
~ elongation at break MD	360% ±20% (ISO527, ASTMD882)
~ elongation at break TD	550% ±20% (ISO527, ASTMD882)
~ tear resistance MD	190g ±20%
~ tear resistance MD	470g ±20%
~ dart impact	180g ±20% (ISO7765-1&2 / ASTMD1709)
