TECHNICAL DATA SHEET

PB68-AS Antistatic Bags

Product description	Open ended bags for use in environments and applications where high stati charges generated by standard packaging must be avoided
	Charges generated by standard packaging must be avoided
Product data	
~ composition	Antistatic polythene
~ colour	Pink, printed with ESD warning symbol
~ dimensions	152 x 203mm (6" x 8")
~ thickness	100mu
	* Imperial dimensions shown in brackets are nominal
Technical data	
~ MD tensile strength	10-12mpα (BS 2782)
~ TD tensile strength	10-12mpα (BS 2782)
~ tear resistance	>50N/mm thickness (BS 2782)
~ surface resistance inner	<10¹º Ohms 10¹º -10¹¹ Ohms (ESD S.11.11)
~ surface resistance outer	<10¹º Ohms 10¹º -10¹¹ Ohms (ESD S.11.11)
~ charge decay	<2 seconds (Mil-PRF-81705)
~ shelf life	2 years +
~ ROSH/REACH compliant	yes
