

TRED27AIR

PNEUMATIC TREADLE STAPLER

Pneumatically operated stapler for rapid, easy assembly and stapling of the bottom of cartons

TREAD2 AIR

PNEUMATIC TREADLE STAPLER

Designed for output rates of 50-100 cartons per hour, this stapler frees both hands to securely hold the carton during the stapling phase, and features a covered safety pedal to reduce risk of accidental operation.

Features:

- Powerful stapling mechanism, ideal for use in heavy duty carton sealing applications
- Heavy duty steel construction throughout offers reliable performance in industrial packing environments
- Large staple capacity reduces downtime between staple reloading
- Use for stapling carton base flaps
- Treadle action leaves both hands free to accurately align and hold carton
- 50-100 cartons/hour output
- Safety foot pedal

Recommended staples: 32-15S or 32-18S

Specifications

- height: 1245mm
- width: 600mm
- length: 830mm
- weight: 36.3kg
- air requirement: 5.5 - 5.6 Bar (78 - 85 psi)

Staple Specifications

- staple sizes: 32/15 (15mm leg length) and 32/18 (18mm leg length)
- staple capacity: 200
