

pacplan  voidstar VSTR60
paper void fill system

PACPLAN® VOIDSTAR™ VSTR60

The Pacplan VSTR60 Voidstar Paper Void Fill System is ruggedly constructed and a cost effective way of creating on-demand, impact-absorbing void fill from an environmentally friendly paper product with low pre-use storage requirements.

Positioned on a bench or permanently wall mounted, it is an ideal solution for the kind of low-to-medium void fill production typically used by online mail order traders.

When wall mounted, the Pacplan VSTR60 Voidstar occupies a minimal footprint in your packaging and despatch operation.

Affixed to your work bench, the Pacplan VSTR60 Voidstar is the ideal means of creating impact-absorbing paper void fill.

VSTR60 Weight: 6.8kg

VSP60 void fill paper
